Equinyl GL Product Facts

Active Ingredients per 1 ounce:

Methylsulfonylmethane (MSM)	7,500 mg
Glucosamine HCl (marina)	7,000 mg
Ester-C (source of ascorbic acid)	1,575 mg
Zinc (from proteinate)	65 mg
Manganese (from proteinate)	50 mg
Copper (from proteinate)	13 mg

Inactive Ingredients:

artificial flavor, calcium carbonate, dehydrated alfalfa meal, mineral oil

Cautions:

Safe use in pregnant animals or a sire is intended for breeding has not been proven.

Consult with your veterinarian before using this product in animals with clotting disorder; being treated with anti-coagulant medications; diabetes, or any metabolic disorder causing hypoglycemia; history of urinary tract stones; known allergies to shellfish, if lawless worms; discontinue use and contact your veterinarian.

Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.

For use in horses only.

Recommended for the support and maintenance of healthy hips and joints.

Equinyl GL is a special blend of ingredients ideal for the support and maintenance of healthy hips and joints. It supplies generous levels of purified glucosamine HCl, ultra pure MSM and patented Ester-C. It is an excellent choice for joint support of horses facing the strains of aging, training and competition.

Directions for Use:

- Scooped scoop holds 1 ounce
- Give 2 ounces (2 scoops) daily for first three to four weeks. Give 1/2 ounce to 1 ounce (1/2 scoop – 1 scoop) daily for maintenance or as directed by veterinarian. Store in a cool, dry place. Reseal after each use.

Warnings:

For animal use only.

Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately.

This product should not be given to animals intended for human consumption.

Call with questions or comments: 1-800-848-2150, 7:00 AM – 3:45 PM MST, Monday-Friday
